Civil No. 2:11-CV-1165-BSJ
DEPUTY CLERK

ORDER

The Receiver filed an application to seal invoices of the Receiver and the invoices of professionals, asking that the same be sealed for reasons set forth in his application (docket no. 281).

Upon reviewing the invoices, it appears that the majority do not justify being sealed.

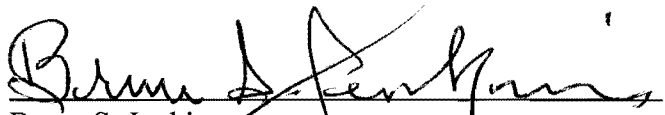

At the hearing on fee application, the court directed Receiver to designate those invoices which it claims should be sealed. The Receiver has since filed with the court redacted invoices.

The redacted versions of the invoices will be filed with the Clerk of the court for viewing by interested parties. The invoices are not to be made available electronically.

SO ORDERED.

DATED this th 13 day of June, 2012.

BY THE COURT:

Bruce S. Jenkins
United States Senior District Judge
